

## EXAMPLE OF VESICA PISCIS:

When two spheres of Light overlap (yellow), they form a vessel in the form of a fish, called VESICA PISCES. The Vesica Piscis is a place of creation (like the womb of a woman).

A lot of overlapping spheres form the FLOWER OF LIFE.

The Flower of Life is full of Vesica Piscis.

Every cell of our body is composed of flowers of life. Flowers of Life are everywhere; the so-called void in space is full of flowers of life (and Vesica Piscis)

## EXAMPLES OF THE FLOWER OF LIFE (TWO-DIMENSIONAL AND THREE-DIMENSIONAL):
