Marilyn and Frans Baars, both Certified Hypnotherapists, are healers who work with the entire Archangelic Realm to bring through messages and healing energies for you. Come and spend a day with them to learn what the Archangels want you to know about creating a loving existence. Major new information to be presented includes the Archangels' "Healing the Soul, Healing the Body" protocol, during which you will be able to release all negative emotions and memories that are ready to be released by you and your Soul. In the afternoon session, Marilyn will channel a message from The Archangels specifically for the group.

Marilyn and Frans Baars are authors, healers, speakers, and board-certified Hypnotherapists; Marilyn is the channel for The Archangels and Frans is the grounding and balancing channel. [www.archangel-healing.com](http://www.archangel-healing.com)
